the ARGENTINE TANGO MASTERS

Fernanda Ghi and Guillermo Merlo are verifiably one of the most prominent couples in the world of Argentine Tango. They are renowned for their style, interpretation, choreography, command of the stage and clear teaching technique. They have a unique quality to convey to their audience and their students the scope of tango emotions from intense passion to the comic.

Recognized for their musicality, Jorge and Jairelbhi Furlong are a new and up-and-coming Argentine Tango couple. They have performed and taught in cities throughout the US and Buenos Aires, Argentina. Today they are part of "Tango and Fire" dance company, working with artistic director Hugo Patyn and musical director Lisandro Adrover, best known for arrangements for the Broadway hit, "Forever Tango".

Above line-up is subject to replacement with equal qualified instructors.
