

WHOLE TANGO MUSIC

Born and raised in Argentina, Damian started dancing Tango in 1991. In 2000, he left his profession as a Dentist to devote himself to dancing and teaching professionally.

Damian's dance is characterized by a masterful combination of nuevo tango elements with traditional tango aesthetics. Seamless transitions between the various elements and a keen sense of musicality are emphasized in his dance and are applied in his training, and dancing. He has an exceptional ability to clearly explain body mechanics and musicality, instilling invaluable knowledge for tango dancer of any style.
